About

Bay Bridge Discount Plan & Bay Bridge Shoppers Discount Plan

- Your Discount Plan includes a Standard Plan.
- **ALL** two-axle Discount Plans are transponder specific, therefore this plan **CANNOT** be shared between transponders.
- There is NO monthly \$1.50 account maintenance fee for accounts with a Maryland address. Accounts without a Maryland address are charged a \$1.50 monthly account maintenance fee, unless the account uses Maryland toll facilities three or more times in one statement period.

How It Works

Bay Bridge Discount Plan

- To open an account, a pre-paid toll amount of \$25 is required for each transponder. This pre-paid amount is required to ensure your account is sufficiently funded prior to travel, as *E-ZPass* Maryland is a pre-paid system. It's recommended to fund your *E-ZPass* account with at least \$35 at the beginning of each new cycle.
- 45-day Plan cycles begin when the first trip is made through the Bay Bridge toll facility and ends 45 days or 25 trips later. The next 45-day cycle begins the next time you travel through the Bay Bridge *E-ZPass* toll facility.
- The account is charged the Discount Toll Rate of \$1.40 when each trip is recorded using the specific transponder associated with the Bay Bridge Discount Plan. Any unused trips within the Discount Plan cycle will be deducted from your account 10 days after the Plan cycle ends and will be reflected on your statement.

Bay Bridge Shoppers Discount Plan

- To open an account, a pre-paid toll amount of \$25 is required for each transponder. This pre-paid amount is required to ensure your account is sufficiently funded prior to travel, as *E-ZPass* Maryland is a pre-paid system. It's recommended to fund your *E-ZPass* account with at least \$20 at the beginning of each new cycle.
- 90-day Plan cycles begin when the first trip is made through the Bay Bridge toll facility and ends 90 days or 10 trips later. The next 90-day cycle begins the next time you travel through the Bay Bridge *E-ZPass* toll facility.
- The account is charged the Shoppers Discounted Toll Rate of \$2 when each trip is recorded using the specific transponder associated with the Shoppers Discount Plan. Any unused trips within the Discount Plan cycle will be deducted from your account 10 days after the Plan cycle ends and will be reflected on your statement.

Both Plans

- *E-ZPass* Maryland performs an account analysis on all new accounts 35 days from the first use of a transponder and every 60 days thereafter. If your average monthly usage, within a 60 day period is above or below your replenishment amount, *E-ZPass* Maryland will automatically adjust your replenishment amount to approximate one-month's level of use. The minimum charged will be \$25. The change in your replenishment amount will be reported on your account statement.
- The money in your account can go towards any *E-ZPass* toll facility you drive through. If you use your account to pass through non-Bay Bridge toll facilities, it is recommended you add additional funds to cover these tolls.
- Your account must be replenished when it reaches a minimum balance (determined by your average monthly toll use). If you do not replenish your account before the balance is depleted, the transponder will not work, resulting in Video Toll transactions that are billed at a higher rate to the vehicle's registered owner.
- **Unused trips in these plans are non-refundable** and are deducted from your *E-ZPass* account.
